**Stonycreek Shooting Center**  
Located on Kimmel Road  
Just off Route 160  
near Berlin

*The Somerset Conservation District is one of 66 Conservation Districts statewide and nearly 3000 nationwide dedicated to conserving our soil and water resources. We are an independent unit of county government and a sub-unit of state government. We are a member of the Pennsylvania Association of Conservation Districts (PACD) and the National Association of Conservation Districts (NACD). We also work closely with many agencies and volunteer groups in the county to promote soil and water conservation and economic development.*

*We work through a long-range plan and annual objectives related to soil and water conservation problems in the county serving as a clearinghouse for general environmental information.*
